WORK EXPERIENCE

Freelance Front End React Developer   2021 - Now

NOV 2024 - FEB 2025 | Developed a rich text blog for nonsolopoesia.it, using TypeScript and Next.js. Integrated TipTap as a rich text editor, Clerk for authentication, and PostgreSQL for data management

SEP 2024 - NOV 2024 | Developed edil2esse.it, a website for an Italian construction company (P.IVA 01790840498) to streamline online estimates. Built with Next.js, featuring Resend for automated emails and Radix UI for the frontend

AUG 2024 - SEP 2024 | Developed justclick2win.com, an interactive online game where the first user to reach 100 clicks wins a prize. Built with Next.js, Clerk authentication, MongoDB for real-time tracking, and TailwindCSS

JUN 2024 - AUG 2024 | Designed and developed two iPhone applications: a responsive guessing game using React Native and an engaging dice game built with Swift and Apple Storyboard

2021 - 2024 | Developed various applications, including comparenbaplayers.com and pineapplephones.com, as well as social media platforms, blogs, and e-commerce sites, using TypeScript, React, Redux, Node.js, MongoDB, SQL, Firebase, Python, and more

Software Developer   2013 - 2023

NOV 2013 - JUN 2023 | Worked for two industry-leading companies: Native Instruments (2018-2023, Germany) and Beatport (2013-2018, USA) as a software developer. Developed and released over 200 digital products with Max MSP, Juce and Reaktor toolkit for Game Development, Music Production and Cinema
