SKILLS

TECHNICAL EXPERTISE

- **Frontend:** React, Next.js (App Router), TypeScript, TailwindCSS, Radix UI, shadcn/ui, TipTap, MDX, responsive design, accessibility
- **Backend & Databases:** Node.js, Express, PostgreSQL (NeonDB/Supabase), MongoDB, API integration
- **State & Data:** Zustand, Redux Toolkit, REST APIs
- **Authentication:** Clerk, NextAuth
- **Testing & Quality:** Jest, Vitest, React Testing Library, Playwright, Lighthouse, performance optimization
- **Tooling & Workflow:** Git, GitHub Actions, Trello, Notion, Figma, ESLint, Prettier
- **Architecture & Deployment:** Serverless, MERN, SSR/SSG/ISR, MVC, Jamstack, Vercel, caching

SUMMARY

Frontend Developer skilled in React, Next.js, TypeScript, and TailwindCSS. Focused on building production-ready SaaS dashboards, content platforms, and company websites.

Experienced in collaborating with clients, project managers, and distributed teams using structured workflows with Trello, Notion, Figma, and Git. Over 10 years in international environments with clear, consistent communication.

HIGHLIGHTED PROJECTS

- **EDIL2ESSE.IT COMPANY WEBSITE (2024)**
 - Defined requirements and UX through iterative reviews and shared mockups
 - Maintained clear communication throughout the project via meetings
 - Delivered a company website with a custom quote request workflow, leading to increased inquiries
 - **Tech:** Next.js, Resend emails, Radix UI, TailwindCSS
- **TOP QUALITY SERVICE SAAS (2025)**
 - Built an internal SaaS dashboard for inventory management and daily operations
 - Implemented CRUD flows, search, authentication
 - Managed the workflow using KanBan (Trello tickets)
 - **Tech:** Next.js, Prisma, Clerk, and Shadcn/ui
- **NONSOLOPOESIA.IT BLOG (2025)**
 - Developed a multi-author blog with role-based access, pagination, and analytics
 - Implemented a rich text editor, content filtering, protected routes, and SSR optimizations
 - Created UI mockups in Figma and coordinated deliverables via Notion
 - **Tech:** Next.js, TipTap, Clerk Zustand, and PostgreSQL

CERTIFICATES

- **REACT FRONT TO BACK**
Traversy Media
2022
- **THE COMPLETE WEB DEV BOOTCAMP**
London App Brewery
2020
- **TESTING REACT WITH JEST AND REACT TESTING LIBRARY (RTL)**
Bonnie Schulkin
2023

EDUCATION

- **GRAPHIC DESIGN**
NABA University, Milan
2010 - 2011
- **GRAPHIC DESIGN HIGH S.**
Cecioni, Livorno
2004 - 2009

LANGUAGES

- Italian (Native)
- English (C1, Advanced)

PROFESSIONAL EXPERIENCE

- **FREELANCE FRONTEND DEVELOPER**
P.IVA 02079960494 | 2023 - Present
 - Led end-to-end delivery of web applications, coordinating requirements, scope, and priorities with clients and companies
 - Maintained clear workflows using Trello, Notion, and Figma for task tracking, design alignment, and async updates
 - Shipped production-ready solutions with React, Next.js, TypeScript, TailwindCSS, and PostgreSQL, with consistent documentation and testing standards
 - Communicated efficiently with stakeholders through Slack, email, Teams/Meet, and regular review cycles
- **NATIVE INSTRUMENTS (Distribution Partnership)**
Software Developer and Sound Designer | 2018 - 2023
 - Developed and maintained 40+ audio software products distributed globally through N.I.
 - Contributed to Native Instruments's subscription ecosystem, supporting widespread global adoption.
 - Worked in a fully remote, international environment with product and engineering teams to align on product standards and deployment.
- **BEATPORT (Exclusive Distribution Partnership)**
Software Developer and Sound Designer | 2013 - 2018
 - Created 50+ commercial audio plugins and digital products as an exclusive Beatport partner
 - Coordinated directly with product and DevOp teams on releases and quality standards
 - Generated ongoing product sales with thousands of customers.
